Tim McAchran
Suncoast Elevator Co.
10948 Grand Avenue
Temple City, CA 91780

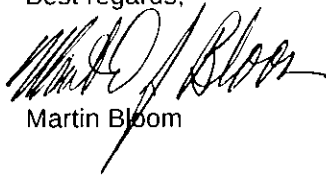

Dear Tim:

I understand that you are updating your website, and that you would like to include photographs of the elevator which your firm installed at our home in Beverly Hills.

My wife and I could not be more pleased with the elevator which your firm designed and installed for us. It is heads and shoulders above any other residential elevator which we have ever seen. Instead of being hidden in a closet, the elevator is now an attractive design element of our contemporary home.

Not only are we pleased with the job which you completed for us, but we're about to purchase another elevator from you. We have just contracted to purchase a penthouse two-story condominium on the Wilshire Corridor, and will need to install an elevator within that condominium. We will not consider anyone else for that work.

Best regards,

A handwritten signature in black ink, appearing to read "Martin Bloom". The signature is written in a cursive, flowing style with some loops and flourishes.
