Subject: Thank you

Hello Jay and Tim,

We want you and Tim to know how pleased we are with the Suncoast residential elevator which was installed a year ago at our home.

First of all, it has really made a wonderful difference in our lives; the convenience of being able to load heavy items like luggage is such a pleasure.

In addition, we were truly appreciative of a modification to the door opening which we requested and you were able to do quickly and efficiently, even after installation. We also like the fact that your company provides us with regular maintenance.

It has operated flawlessly and every time we use it, we're so pleased with its finishes and quiet operation.

Now, we are able to look forward to many years living our two story home.

Sincerely,

H.H. AND C.H.: WEST LOS ANGELES
